OBJECTIVE

Experienced web and mobile application developer with 5 years of frontend web development experience and a passion for creating picture-perfect, interactive, aesthetically pleasing, and mobile responsive web designs. Skilled in using a wide range of technologies and tools to implement core frontend development tasks such as web and mobile site design, responsive web and mobile app development, website maintenance, styling support, 3rd party API integration, and so on. Capable of developing and executing strategies to complete key project deliverables and provide compelling business value to clients and employers.

TECHNICAL SKILLS

Operating System: Windows, Linux, Unix

Version Control: Git

Languages: HTML5, CSS3, JavaScript, TypeScript, Dart

Frameworks and Libraries: JQuery, SaaS, Bootstrap, Tailwind CSS, ReactJS, VueJS, NuxtJS and Flutter.

EMPLOYMENT HISTORY

Frontend Developer

2022 –present

The Kredi Bank, Anjous Lekki Phase 1, Lagos State

- Collaborated with UX/UI designers to transform design concepts into responsive web applications and mobile interfaces.
- Developed visually appealing and user-friendly web interfaces utilizing HTML5, CSS3, and Tailwind CSS to ensure a consistent and efficient design process.
- Proficiently integrated Vue.js to build dynamic web features and interactive components, resulting in enhanced user engagement and seamless user experiences.
- Utilized SASS to create maintainable and organized stylesheets while optimizing web performance through efficient code and image optimization.
- Worked closely with the backend development team to integrate APIs and ensure smooth data flow between frontend and backend systems.
- Actively maintained and enhanced existing web applications, conducted code reviews, and enforced coding standards to ensure top-notch code quality.
- Successfully implemented bug fixes and resolved technical issues, ensuring optimal website performance and user satisfaction.

Frontend Developer

2022

The Federal Polytechnic Ilaro, Ogun State

- Designed and developed user-friendly and visually appealing web interfaces using HTML, CSS, and JavaScript.
- Worked collaboratively with other developers, designers, and project managers to deliver high-quality projects within project timelines and budgets.
- Conducted extensive testing and debugging to identify and resolve issues and improve the overall user experience.
- Maintained and updated code libraries, ensuring consistency in design and functionality across projects.
- Demonstrated excellent communication and problem-solving skills to provide effective solutions to complex problems.

Frontend Web Developer and Mobile App Developer

2020 – 2022

Zealarax Technologies

- Led the development of a cross-platform mobile application using Flutter, resulting in a significant increase in the user base and app engagement.
- Collaborated with cross-functional teams to gather project requirements, design new features, and enhance the user experience.
- Conducted A/B testing to optimize user interfaces and improve user retention.
- Developed documentation for the codebase and technical guidelines to assist the development team in maintaining code quality.
- Contributed to the implementation of automated testing frameworks for frontend components and integration tests.
- Deployed application on play store and google store after successful testing.

Frontend Web Developer (Intern)

2017 –2021

Zealarax Technologies

- Deliver engaging user experience through optimization of images, code, and cross-browser compatibility
- Designed dynamic and browser-compatible pages using HTML, CSS, and JavaScript.
- Expand features, refine code and improve processes, producing smoother operations and enhancing user engagement.
